REPUBLICAN BY 17,000

State, County and Town Election News. Little Boiling.

IN THE STATE

As near as can be ascertained in the state Mead gets 17,000 plurality, a fair off year vote. Four years ago Fletcher D. Proctor received only 14,000 but the nearest previous off year vote was 22,000. Charles D. Watson, democratic candidate for governor, ran very strong in some parts of the state, carrying St. Albans and Montpelier. In Franklin county the republicans pull out with a few more votes than the democrats. Franklin is the home county of Watson. It is said the democrats have made gains in the legislature. Considering the weather, the off year and other conditions republican leaders are well pleased with the result.

IN ORLEANS COUNTY

As compiled over the telephone the Monitor gives the following results in Orleans county at yesterday's elections. As will be seen Barton cast more than twice as many votes for republican governor as any other town in the county and will be entitled to by far the largest delegation in county and state conventions in 1912.

Town	Rep.	Dem.	Representative
Albany	111	46	E. A. Andrus
Barton	624	48	E. W. Barron
Brownington	113	4	H. P. Leland
Charleston	131	11	Dr. Gatchell
Coventry	81	17	Charles Wright
Craftsbury	184	84	
Derby	275	47	S. B. Bates
Glover	153	14	R. W. Buchanan
Greensboro	151	19	A. S. Clary
Holland	61	23	Albert Rumery
Irasburg	133	26	J. H. Cook
Jay	70	14	Walter Lucia
Lowell	133	34	Milo Hines
Morgan	69	3	Will Leavens
Newport	215	91	C. T. Bean
Troy	247	58	Henry Parkhurst
Westfield	86	11	D. W. A. Young
Westmore	54	4	H. D. Beebe
Totals	2891	554	

The total vote for republican candidate for governor in 1908 in Orleans county was 3325 and it will be seen this year's vote lacked only 434 of this number. This is considered exceptionally good for an off year and in consideration also of the fact that this was the home county of Prouty the candidate for governor in 1908. The democratic vote in the county two years ago was 458 and this year's vote shows a gain of 96. There was scarcely any bolting the head of the ticket. Rain throughout the county undoubtedly kept many voters at home.

M. W. A. Field Day at Morgan Center.

The largest crowd that has met at Morgan Center for years assembled at Carrell's grove September 1st for the M. W. A. field day, the camps of Holland, Derby, West Charleston and Island Pond being well represented. The first event of the day was the ball game between Woodmen picked from the various camps. The game was a sort of comedy drama in nine acts, with a debating match between said acts. However with the exception of the debating features the game was a good one, the score being tied in the ninth inning with a score of nine to nine. The tug of war was won by Morgan. The foot race by H. Burroughs of Morgan, hammer throw by G. Ewens of Morgan, ball throwing contest by H. Burroughs, shoe race by Roy Horn. The ladies' auxiliary served dinner in the grove and it was well patronized. Altogether everyone seemed to have a good time and the second annual field day of the M. W. A. seems to have been a success in every way.

FAIR WEATHER NEEDED

A Wet Tuesday and Cloudy, Threatening Weather Today Keeps People Away.

All that is needed for a big and good fair is some reasonably good weather. Yesterday being very wet and this morning very threatening people were very reluctant about coming out, hoping for better weather Thursday and Friday. If anything like favorable weather prevails tomorrow and Friday there is nothing to prevent two extra big and successful days full of events. All the attractions have arrived and we are informed by the secretary that they appear extra good. Many track horses are here. Entries in all classes appear to be filling well and everything depends upon the weather man.

List of Candidates in Monitor's Great Auto and Prize Contest

Pay a Subscription to the Monitor and Vote for Your Favorite Candidate—Someone Will Win a Brush Automobile. Why Not Help Your Friend to Do It?

They're off in a bunch! Are you one of them? The first list of nominees in the Monitor's automobile contest is published today. Look over the list and pick out a favorite, or better yet, if you are not a candidate clip out the nomination ballot, fill it in, and enter the race. The prizes are worth your while. Evidently the people in Barton and vicinity think well of their neighbors—at any rate there's no dearth of favorites, and the "one best bet" would be difficult to select.

From now on the contest will be on in earnest, and interest will increase each day.

This will be the only election held this year, or next, where you can "stuff the ballot box" and "vote early and often."

The contest managers will call on the contestants as soon as possible, but with such a large list of popular ones it will take some time to see them also, if possible, call at the office and get one of the subscription books, also valuable information as to the best way to secure votes.

START EARLY.

While nominations will be coming in for a month yet you had better get in at the start.

Join this live bunch of hustlers and have the time of your life.

There will be lots of fun connected with the contest and you don't want to miss any of it.

The contestants who enter in the village districts must not think that it will be an easy matter to get ahead of the other districts, there is a bunch of live hustlers entered from all of the outside districts and they are going to show the Barton contestants a few things that will surprise them.

They realize that the way the prizes are awarded will give them just the same chance to secure either of the capital prizes as those in the Barton district, and are going after them with a determination that will have a very important bearing on the capital prize results.

If you enter the contest with the determination to win, and we assume that you do, you should not waste much of your time with the free coupons. Let's the subscriptions, you will want to hustle for. That is what gets you the most votes and in this case it is votes that you want. Start out by

asking for long time subscriptions, one, two, three or even five years, but take the small ones also. Don't let any get away from you.

IS YOUR NAME ON THE LIST? Many names have been entered in the contest. Some have been entered by themselves, while others have been nominated by their friends. All have the same opportunity to win one of the valuable prizes. The winners will be the ones who hustle the hardest and do not overlook an opportunity to secure a subscription. Be a hustler; it costs you nothing but a little effort. Your friends will help you if you ask them; so ask them right away before some one else does.

The large number of candidates who have already entered the race, should not frighten you. Simply because the more candidates in the fight the better chance you have of winning. It will require less effort on your part to secure a sufficient number of votes to win if you have a large number of candidates to compete with.

EARLY NOMINATIONS BEST.

Now is the time to make nominations, at the very beginning of the contest. The candidates who enter promptly have a great advantage over those who enter late in the contest. Those who make no delay in asking their friends for subscriptions will already have the promise or the possession of many votes. Pledge your friends to work for you before some one else sees them and secures their aid.

DON'T WAIT ANY LONGER.

Already the names of several candidates are entered upon our list. Why let others get ahead of you? It will be to your advantage to have something to show for yourself on the published list. The mere nomination gives you 1,000 votes and more you can add to this the better appearance you will make on the day of the second public announcement of candidates. Remember, that every year's subscription paid, which you secure is worth 500 votes. See schedule.

LET US HEAR FROM YOU.

Let us see or hear from you at once, and we will take pleasure in entering your name upon our list, and also in sending a representative to see you and furnish you with all the aid and information possible.
